Sub: Use of Central Park by children

Dear Ajay ji,

Refer to your letter/notice AMR/VILL/MAINT/2 dated 24-07-2015 regarding the above mentioned subject, we would like to put forth our concern which was recorded in the log book of maintenance department on 20-07-2015.

We really appreciate your concern for the safety of the flat window glasses and car glasses which is beneficial to each and every resident and we fully agree to it. Same time, we need to look into the interests of kids too.

Outdoor activities are becoming a bed time story these days and our kids are missing the real fun which we had in our childhood days. You would also agree to this point and we believe you will be happy to see the healthy generation in future.

Hardly we have any place for the kids to run around and play and only option left out is the central park. Surrounding areas has been sold for car parking and few of our own residents are getting benefitted out of these parking.

It's not a surprising fact that the cars parked surrounding any playground get damaged and the same is happening out here also. Wont it be rude to stop the kids playing? At the same time, the residents also should not be in trouble.

Considering the kids happiness, we requested the maintenance department to discuss with yourself and arrange for a little higher metal fencing if possible. The modality and the possibility of providing the fence shall be looked upon you as we know your kind intention of taking care of the kids happiness is more important than the assets.

It was a genuine request tabled in the maintenance office log book in the written form and no where we stopped the operational behaviour of the maintenance team. The wealth of experience and the kind gesture of yourself is well known to us and we hope you would suggest us a suitable solution to sort out this small issue.

Thanks for your active involvement towards making Amrapali Village society a great place to live.
